Subject: RE: Ram Trucks - PEMS testing

The vehicle ID is V6DS66277. I do not know the VIN. The vehicle will be dropped off this morning, I will bring it over to the PEMS build up area when it arrives.

Joel, do you have the VIN or any other information on this truck I can use to identify it so I can locate any previous records I might have on file.

Subject: Ram Trucks - PEMS testing

Ethan,

I believe that we are done with the Ram 5.7L gasoline. Tomorrow, we are scheduled to get the Ex. 5 DP / Ex. 7(A). This 2017 package is to be priority #1. Can we remove the equipment from the 5.7L truck and put it on the Ex. 5 DP / Ex. 7(A)? I am told this Ex. 5 DP / Ex. 7(A) has been tested by you previously.

This vehicle takes priority over the Ex. 5 DP / Ex. 7(A) and the Audi A7. It is a certification vehicle.

Right now, please plan on the following tests:

Day 1

1. Cold ☐ cycle
2. ☐ cycle
3. ☐ cycle
4. ☐ cycle

Day 2

1. ☐ cycle
2. ☐ cycle
3. 3minute soak
4. ☐ cycle
5. 10 minute soak
6. ☐ cycle
7. 18 minute soak
8. ☐ cycle

This is to be an abbreviated test program. Joel Ball may modify this request, but please start with this plan in mind.

Dan
